Η **Pergosystem® Alpha Compact** είναι η ναυαρχίδα της οικογένειας Pergosystem® Alpha. Οι συμπαγείς της διαστάσεις σε συνδυασμό με τον όμορφο σχεδιασμό και την μοντέρνα αισθητική της, την ξεχωρίζουν από κάθε άλλο μοντέλο. Η τοξωτή της οροφή, εκτός από την καλαίσθητη εικόνα της, συμβάλει στην συμπαγή εικόνα της κατασκευής, διότι δεν χρειάζεται καθόλου κλίση.

Pergosystem® Alpha Compact is the newest premium model of the Pergosystem® Alpha series. Its compact dimensions, combined with its beautiful design and modern aesthetics, stand out from any other model. Its arched ceiling, except from its stylish image, contributes to the solid image of the construction, because the system has zero inclination.

Υποσημείωση: (1) Στον υπολογισμό της τιμής το Compact Joint είναι πάντα η μικρότερη διάσταση. (2) Συνιστούμε το κάθε κομμάτι να έχει δικό του μοτέρ.
Note: (1) The calculation of the price the Compact Joint is always the smallest dimension. (2) We recommend that each module has its own motor.
